2009

Announcements

- The NET testing deadline is quickly approaching. Students are encouraged to register for testing as soon as possible.
- Student Assistants needed!
Applications accepted in person only

Testing News

The semester is now in full swing and students have settled in. We, here in the Testing Center, are gearing up for several weekend testing programs. We will host the ACT and SAT this month and with these tests coming up, some may wonder why take them? Well, students are encouraged to take either the SAT or ACT for a few good reasons.

1. To be exempt from the TSI (Texas Success Initiative).
2. For scholarship purposes
3. To gain knowledge of skill areas that might be weak

Students are encouraged to take these tests as early as their junior year to allow time for retesting if necessary. Although ACT and SAT exams are not required for enrollment into most junior colleges, they are a strong indicator for placement into college-level coursework.

October Calendar

10/5	CLEP 1pm	10/15	NET 9am
10/6	NET 1pm	10/19	ACCUPLACER 8:30am
