

**Energy Weldfab, Inc. has an immediate opening for two digital media/marketing interns.**

Energy Weldfab manufactures products distributed throughout North America.

Strong candidates will have some graphic design, social media, podcasting or event planning experience. Impeccable attention to detail is a must. Strong writing skills or previous experience with analytics are a plus.

Candidates must be able to devote at least 10 hours per week for at least four months. Remote applicants are welcome, and flexible schedules can be accommodated. This is a paid internship.
