Orientation/Athletics/Student Success Work-Study Position

The Federal College Work-Study Program is a federally-funded, campus-based financial aid program with a limited number of funds for students who have documented financial need and who want to earn part of their educational expenses while attending college. Students interested in Federal Work-Study must have a current FAFSA on file in Financial Aid to determine financial need and eligibility.

Students must submit one application per position in which they are interested, along with a copy of their current class schedule. Incomplete applications will be discarded. Applications will not be kept on file once a position is filled.
