

KILGORE COLLEGE RESIDENCE HALL CONTRACT 2021-2022

PLEASE READ CAREFULLY – THIS IS A LEGALLY BINDING CONTRACT

GENERAL AGREEMENT- Kilgore College grants the student named below a license to occupy and use a room within a residence hall for temporary residential purposes only, subject to the terms and conditions herein. This Contract does not create a landlord/tenant relationship and does not constitute a lease of College property. This license is revocable, is non-transferable and the resident may not reassign, sublet, or allow any person or property in their assigned room without written authorization from the Campus Life Specialist or Coordinator of Campus Life. The student is not guaranteed a particular room or a particular residence hall. The resident agrees to comply with all rules and regulations of the College as set forth in the College Catalog, Student Rights and Responsibilities, Residence Hall Contract, Residence Hall Handbook, and as may be provided to the resident at any other time in any other form by a College official. The resident also agrees to timely pay all costs set forth herein. The resident agrees that College employees, particularly the Coordinator of Campus Life, Campus Life Specialist, and Campus Police, have the authority to enforce College policy and to make reasonable demands of residents, other students, and guests within the limits of enforcing those policies.

DIVERSITY – Consistent with a commitment to a stated policy of non-discrimination, the college provides residence hall facilities and food services without regard to race, color, religion, national origin, sex, age, disability, marital status, veteran status or genetic data.

The Office of Campus Life at Kilgore College welcomes students of all gender identities and expressions and is committed to providing an equitable and inclusive community for all residents. It is our goal to provide an affirming and non-discriminatory housing educational experience.

Kilgore College residence halls are specifically designated, however, for male or female occupancy. The college provides facilities without discrimination on the basis of disability although not all residence halls and buildings have been modified to provide barrier-free access to students in wheelchairs. Considerable progress has been made, however, and continues to be made in providing a campus that is virtually barrier free.
