The college attempts to provide for all students a campus environment that is conducive to academic endeavor and social and individual growth. Enrollment at Kilgore College is considered implicit acceptance of the rules, regulations and guidelines governing student behavior promulgated by the college and the student is responsible for this information. As both the responsibility and authority for discipline at Kilgore College ultimately rests with the Board of Trustees, the President, acting in their behalf, has delegated authority to administer a fair and just disciplinary program to the Vice President of Student Development. Therefore, the Vice President of Student Development, acting on behalf of the President and the Board of Trustees, has authority to enforce all regulations approved and stated in college documents or otherwise.
