Independent Auditors' Report

Members of the Board:

We have audited the accompanying basic financial statements of the Kilgore Junior College District (District), as of and for the years ended August 31, 2011 and 2010, as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position of the Kilgore Junior College District at August 31, 2011 and 2010, and the results of its operations and cash flows for the years then ended, in conformity with U.S. generally accepted accounting principles.

In accordance with *Government Auditing Standards*, we have also issued our report dated November 28, 2011, on our consideration of the Kilgore Junior College District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The Management's Discussion and Analysis (MD&A) on pages 7 through 12 is not a required part of the basic financial statements, but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of this supplemental information. However, we did not audit the information and express no opinion on it.

Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying schedule of expenditures of federal awards and schedule of expenditures of state awards for the year ended August 31, 2011 are presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits Of States, Local Governments, And Non-Profit Organizations*, and the State of Texas Single Audit Circular (STSAC), and are not a required part of the basic financial statements. The required supplemental schedules listed in the table of contents are likewise presented for purposes of additional analysis and are not a required part of the basic financial statements of the District. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The accompanying statistical supplement, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements. This information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we express no opinion on it.

MANAGEMENT'S DISCUSSION AND ANALYSIS

**KILGORE JUNIOR COLLEGE DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
AUGUST 31, 2011 and 2010**

MANAGEMENT'S DISCUSSION AND ANALYSIS

Our discussion and analysis of Kilgore Junior College District's financial performance provides an overview of the District's financial activities for the fiscal year ended August 31, 2011, with fiscal year 2010 and 2009 data presented for comparative purposes. This discussion has been prepared by management along with the financial statements and related footnote disclosures and should be read in conjunction with and is qualified in its entirety by the financial statements and footnotes.

USING THIS ANNUAL FINANCIAL REPORT

This annual financial report consists of a series of financial statements. The Texas Higher Education Coordinating Board requires all Texas public junior and community colleges to use the *Annual Financial Reporting Requirements for Texas Public Community and Junior Colleges* for consistent and uniform reporting. It is intended that each public community and junior college adopt the business-type activities (BTA) model for use in preparing their annual financial reports.

The Statement of Net Assets includes all assets and liabilities. The focus of the statement is to report the net resources available to finance future operations. It is prepared under the accrual basis of accounting, whereby revenues and assets are recognized when the good or service is provided; and, expenses and liabilities are recognized when others provide the good or service, regardless of when cash is exchanged. The statement is useful to determine the assets available to fund services, as well as to identify what the District owes vendors, bondholders, and others at the end of the year. The Statement of Net Assets presents to the readers of the financial statements a fiscal snapshot of the District.

The Statement of Revenues, Expenses, and Changes in Net Assets provides information about the activities of the District as a whole and presents a longer-term view of the District's finances. The District is dependent on three primary sources of revenues: state appropriations, tuition and fees, and ad valorem taxes. Activities are presented as either operating or non-operating. Under this reporting model, state appropriations, ad valorem taxes, and gifts are reported as non-operating revenues. Because of the District's dependency on the non-operating revenues, there is a significant operating deficit. The utilization of long-term assets, referred to as Capital Assets, is reflected in the financial statements as depreciation, which amortizes the cost of an asset over its expected useful life.

The Statement of Cash Flows presents information related to cash inflows and outflows summarized by operating, non-capital financing, capital and related financing, and investing activities.

STATEMENT OF NET ASSETS

The District's combined net assets increased \$4.5 million compared to a \$3.5 million increase in the prior year, increasing from \$62.9 million to \$67.3 million.

Condensed Statement of Net Assets (\$ in millions)	2011	2010	2009	2010 to 2011 Change
Current assets	\$ 22.9	\$ 23.7	\$ 21.6	-3.36%

Current liabilities	(9.2)	(9.0)	(9.0)	1.59%
Non-current liabilities	(2.6)	(3.0)	(3.3)	-11.50%

Net Assets:				
Invested in capital assets, net of debt	43.1	38.2	36.9	12.88%

Unrestricted	15.2	16.1	15	-5.55%
Total Net Assets	\$ 67.3	\$ 62.9	\$ 59.4	7.12%

The Statement of Net Assets helps identify the entity's ability to meet future obligations. One of the analytical tools used to determine this is comparing the current assets to current liabilities, or the current ratio. Current assets are those assets which can be converted quickly to pay current obligations, while current obligations are those obligations which are expected to be satisfied within one business cycle. The District's current assets for 2011 of \$22.9 million were sufficient to cover current liabilities of \$9.2 million, giving a current ratio of 2.5 compared to 2.6 in fiscal year 2010.

Another analytical tool used to evaluate the financial stability of an entity is to compare expendable net assets to operating expenses. As of August 31, 2011 and 2010, the District had expendable net assets of \$17.7 million and \$17.5 million respectively. Operating expenses for the same period were \$47.8 million and \$48.3 million. This represents a ratio of 37.0% and 36.2% respectively.

The District's accumulated cash and cash equivalents balances increased \$1.9 million from 2010 to \$16.8 million in 2011.

STATEMENT OF REVENUES, EXPENSES AND CHANGES IN NET ASSETS

Total operating revenues for fiscal year 2011 were \$15.5 million. Operating revenues decreased \$1.5 million or 9.0%.

There was an operating loss for fiscal year 2011 of \$32.2 million, with an increase in net assets of \$4.5 million, compared to fiscal year 2010 when they were \$31.2 million and \$3.5 million, respectively.

STATEMENT OF CASH FLOWS

The Statement of Cash Flows provides information about cash receipts and cash payments during the year. This statement also helps users assess the District's ability to generate net cash flows to meet its obligations as they come due, and its need for external financing. The District's total cash and cash equivalents increased by \$1.9 million to \$16.8 million in fiscal year 2011.

Cash Provided By:

(\$ in millions)	2011	2010	2009
Operating Activities	\$ (25.3)	\$ (30.2)	\$ (20.1)
Non-Capital Financing Activities	33.0	31.6	25.6
Capital and Related Financing Activities	(6.4)	(3.1)	(6.0)
Investing Activities	0.6	0.5	0.6
Change in Cash and Cash Equivalents	\$ 1.9	\$ (1.2)	\$ 0.1

The primary cash receipts from operating activities consist of tuition and fees, housing board, and grant revenues. Cash outlays include payment of wages, benefits, supplies, utilities, plant maintenance, and scholarships. State and federal allocations and ad valorem taxes are the primary source of non-capital financing. Accounting standards require that we reflect this source of revenue as non-operating even though these sources are used for operating purposes in the District's budget. Cash flows from capital and capital related financing activities include proceeds from issuing debt and receiving gifts; disbursements are for principal and interest payments on debt, and payment on buildings and other capital acquisitions. Cash flows from investing activities represent the annual effect of the purchase, sale and maturity of investments.

- As of August 31, 2011, assets of the District exceeded liabilities by \$67.3 million. Of this amount, \$15.2 million is unrestricted net assets which may be used to meet ongoing operations, down from \$16.1 million in fiscal year 2010.
- During the year, the District had revenues that were \$4.5 million more than the \$48.1 million generated in expenditures.
- The total cost of all of the District's programs decreased by \$0.9 million, or 1.8%.
- The local property tax rate remained the same as the prior year. Tax revenue collections were down 0.6% or \$37,095.
- Net tuition and fees decreased by \$319,761 or 3.9%.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

The District has a Capital Asset Policy that requires assets whose original purchase price was over \$5,000 to be recorded as a capital asset. At the end of fiscal year 2011, the District had \$45.7 million invested in a broad range of capital assets, including equipment, buildings and facilities.

Books and Exhibits	0.4	0.4	0.4
Construction in Progress	-	0.3	-
Totals	\$ 45.7	\$ 41.2	\$ 41.5

Debt

At year-end, the District had \$2.6 million in bonds and notes outstanding.

Outstanding Debt, at Year-end (\$ in millions)	2011	2010	2009
Current Portion of long term obligations	\$ 0.3	\$ 0.4	\$ 0.8
Revenue bonds and notes (backed by specific fee revenues)	2.3	2.6	3.0
Totals	\$ 2.6	\$ 3.0	\$ 3.8

COMPONENT UNIT / RELATED PARTIES

The Kilgore College Foundation is presented as a related party. The District does not feel the foundation meets the requirement of a discrete component unit based on their interpretation of Governmental Standards Board Statement No. 39. The Foundation contributed gifts of \$90,297 to the District during fiscal year 2011 as compared to the \$13,786 contributed in fiscal year 2010. Contributions have been significantly down due to lower interest rates and earnings in recent years, distributions from all endowed accounts have declined.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The District's elected and appointed officials considered many factors when setting the fiscal year 2011 budget, tax rates, and fees charged for the business-type activities. One of those factors is the economy. The District's employment growth has mirrored its population growth during 2001-2011, averaging minimal annual gains. Although East Texas has not been impacted as much as the rest of the nation with the economic downturn, the District started feeling the impact near the end of fiscal year 2010 and expects to see more significant negative financial impact in fiscal year 2012 and the following few years.

The District is facing future economic issues centered on the traditional funding sources. A mix of state appropriations, local property taxes, tuition and fees, state and federal grants, and private giving, fund Texas public community college districts. The District has many aging facilities. Beginning in fiscal year 2004 and continuing into fiscal year 2011, the District has done some major renovations, roof repairs and construction of a new residence hall that collectively have totaled approximately \$20.5 million. This was accomplished without having to take on additional bonded debt. This made a dramatic improvement to the campus but we foresee increased repair and maintenance costs in the near future to other buildings and improvements in parking lots.

In fiscal year 2010 and 2011, the District did experience a significant increase in state appropriations due to enrollment growth, only to have the State subsequently cut those budgets 5.0% and 7.5% respectively. As we move forward to fiscal year 2012 and 2013, we anticipate that after taking into consideration enrollment growth, health insurance, and retirement funding, our state appropriations will be reduced almost 25% due to revenue shortfalls at the State level.

Aggressive expenditure reductions and cost containment has had to occur through program closure and reduction of services. These reductions will be coupled with continued increases to tuition and fees charged to students. To continue to meet our financial challenges will require exploration of non-traditional ways of revenue generation that may include economic development, partnerships with public and private sector entities, increasing emphasis on contract training and adult education, and sophisticated fundraising and development efforts.

The District's property tax rate was not increased in fiscal year 2011 and will not be increased in fiscal year 2012. Over the past few years the District has experienced some increases in its tax base. It is expected that over the next few years the appraised value of the tax base will remain relatively flat. This may force the District to increase the tax rate in the near future.

KILGORE JUNIOR COLLEGE DISTRICT - KILGORE, TEXAS
NOTES TO FINANCIAL STATEMENTS

August 31, 2011 and 2010

1. REPORTING ENTITY

Kilgore Junior College District was established in 1935, in accordance with the laws of the State of Texas, to serve the educational needs of the District and the surrounding communities. The Kilgore Junior College District is considered to be a special-purpose, primary government according to the definition in Governmental Accounting Standards Board (GASB) Statement 14 *The Financial Reporting Entity*. While the District receives funding from local, state, and federal sources, and must comply with spending, reporting, and record keeping requirements of these entities, it is not a component unit of any other governmental entity.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A) Reporting Guidelines

The significant accounting policies followed by Kilgore Junior College District in preparing these financial statements are in accordance with the Texas Higher Education Coordinating Board's *Annual Financial Reporting Requirements for Texas Public Community and Junior Colleges*. The District applies all applicable GASB pronouncements and all applicable Financial Accounting Standard Board (FASB) statements and interpretations issued on or before November 30, 1989, unless they conflict or contradict GASB pronouncements. The District has elected not to apply FASB guidance issued subsequent to November 30, 1989, unless specifically adopted by the GASB. The District is reported as a special-purpose government engaged in business-type activities.

B) Tuition Discounting

Texas Public Education Grants

Certain tuition amounts are required to be set aside for use as scholarships by qualifying students. This set aside, called the Texas Public Education Grant (TPEG), is shown with tuition and fee revenue amounts as a separate set aside amount (Texas Education Code Section 56.0333). When the student uses the award for tuition and fees and/or auxiliary charges, the amount is recorded as tuition and/or auxiliary revenue and a corresponding amount is recorded as a discount.

Title IV, HEA Program Funds

Certain Title IV HEA Program funds are received by the District to pass through to the student. These funds are initially received by the District and recorded as restricted revenue. When the award is used by the student for tuition and fees and/or auxiliary charges, amounts are recorded as revenues and a corresponding amount is recorded as a discount. If the amount is dispersed directly to the student, the amount is recorded as a scholarship expense.

Other Tuition Discounts

When the award is used by the student for tuition and fees and/or auxiliary charges, the amount is recorded as tuition and/or auxiliary revenue and a corresponding amount is recorded as a discount. If the amount is dispersed directly to the student, the amount is recorded as a scholarship expense.

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued**

C) **Basis of Accounting**

The financial statements of the District have been prepared on the accrual basis of accounting whereby all revenues are recorded when earned and all expenses are recorded when they have been reduced to a legal or contractual obligation to pay.

D) **Budgetary Data**

Each community college district in Texas is required by law to prepare an annual operating budget of anticipated revenues and expenditures for the fiscal year beginning September 1. The District's Board of Trustees adopts the budget, which is prepared on the accrual basis of accounting. A copy of the approved budget and subsequent amendments must be filed with the Texas Higher Education Coordinating Board, Legislative Budget Board, Legislative Reference Library, and Governor's Office of Budget and Planning by December 1.

E) **Cash and Cash Equivalents**

The District's cash and cash equivalents are considered to be cash on hand, demand deposits and short term investments with original maturities of three months or less from the date of acquisition.

F) **Investments**

In accordance with GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and External Investment Pools*, investments are reported at fair value. Fair values are based on published market rates. Short-term investments have an original maturity greater than three months, but less than one year at time of purchase. [The governing board has designated public fund investment pools comprised of \$166,393 and \$3,965,858 at August 31, 2011 and August 31, 2010, respectively, to be short-term investments.] Long-term investments have an original maturity of greater than one year at the time of purchase.

G) **Inventories**

Inventories, consisting of consumable office supplies, physical plant supplies, bookstore stock, and food service supplies, are valued at the lower of cost, under the "first in, first out" method, or market, and are charged to expense as consumed.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

H) Capital Assets

Capital assets are recorded at cost at the date of acquisition, or fair market value at the date of donation. For equipment, the District's capitalization policy includes all items with a unit cost of \$5,000 or more and an estimated useful life greater than one year. Renovations of \$100,000 to buildings and infrastructure and land improvements that significantly increase the value or extend the useful life of the structure are capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend lives are charged to operating expense in the year in which the expense is incurred.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets, generally 50 years for buildings, 20 years for land improvements, 15 years for library books, 10 years for furniture, machinery, vehicles and other equipment and 5 years for telecommunications and peripheral equipment.

I) Deferred Revenues

Tuition and fees of \$6,666,447 and \$6,366,110 have been reported as deferred revenues at August 31, 2011 and 2010, respectively.

J) Estimates

The preparation of the financial statements in conformity with U. S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

K) Operating and Non-Operating Revenues and Expenses

The District distinguishes operating revenues and expenses from non-operating items. The District reports as a BTA and as a single, proprietary fund. Operating revenues and expenses generally result from providing services in connection with the District's principal and ongoing operations. The principal operating revenues are tuition and related fees, as well as revenues from the sales and services of auxiliary enterprises. The District also recognizes federal grants and contracts as operating revenue. The major non-operating revenues are state appropriations and property tax collections. Operating expenses include the cost of sales and services, administrative expenses, and depreciation of capital assets.

L) Characterization of Title IV Grant Revenue

In response to guidance provided by the Governmental Accounting Standards Board as question/answer 7.72.10 in the Implementation Guide, revenue received for federal Title IV grant programs (i.e. pell grants) is characterized as non-operating revenue as opposed to operating revenue.

The Texas state legislature has the authority to establish and amend benefit provisions of the pension plan. TRS issues a publicly available financial report with required supplementary information which can be obtained from www.trs.state.tx.us, under the TRS Publications heading.

Funding Policy. Contribution requirements are not actuarially determined, but are established and amended by the Texas state legislature. The state funding policy is as follows: (1) The state constitution requires the legislature to establish a member contribution rate of not less than 6% of the member's annual compensation and a state contribution rate of not less than 6% and not more than 10% of the aggregate annual compensation of all members of the system; (2) A state statute prohibits benefit improvements or contribution reductions if, as a result of a particular action, the time required to amortize TRS' unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action. State law provides for a member contribution rate of 6.4% for fiscal years 2011 and 2010 and a state contribution rate of 6.644% for fiscal year 2011 and 2010. In certain instances the reporting district is required to make all or a portion of the state's 6.644% contribution for fiscal year 2011 and 2010.

Optional Retirement Plan

Plan Description. Participation in the Optional Retirement Program is in lieu of participation in the Teacher Retirement System. The optional retirement program provides for the purchase of annuity contracts and operates under the provisions of the Texas Constitution, Article XVI, Sec. 67, and Texas Government Code, Title 8, Subtitle C.

Funding Policy. Contribution requirements are not actuarially determined, but are established and amended by the Texas legislature. For fiscal years 2011 and 2010, the percentages of participant salaries contributed by the state and by each participant were 6.40% and 6.65%, respectively, of annual compensation. The District contributes 1.31% for employees who were participating in the optional retirement plan program prior to September 1, 1995. Benefits fully vest after one year plus one day of employment. Because these are individual annuity contracts, the state has no additional or unfunded liability for this program.

The retirement expense to the state for the District was \$1,053,657 and \$1,007,763 for the fiscal years ended August 31, 2011 and 2010, respectively. This amount represents the portion of expended appropriations made by the state legislature on behalf of the District.

The total payroll for all District employees was \$21,373,319 and \$21,118,003 for fiscal years 2011 and 2010, respectively. The total payroll of employees covered by the Teacher Retirement System was \$10,679,134 and \$10,413,715, and the total payroll of employees covered by the Optional Retirement System was \$7,709,226 and \$7,683,266 for fiscal years 2011 and 2010, respectively.

11. DEFERRED COMPENSATION

The District contributed \$22,000 as deferred compensation for fiscal years 2011 and 2010, respectively, on behalf of the President of the College, to the State of Texas 457 Plan, administered through the ERS TexaSaver Program. The District had no other deferred compensation programs in effect during fiscal years 2011 or 2010.

12. COMPENSABLE ABSENCES

Full time employees are granted one day of paid sick leave time per scheduled work month. Paid sick leave time that has not been taken accumulates up to a maximum of 90 days, but it is not paid should the employment relationship cease for reasons other than retirement. Full time employees are also granted ten days per year vacation time; a total of five days vacation time may be accumulated and carried forward to the following fiscal year. Unused vacation time is paid at the time employment ceases, regardless of the reason for termination.

Upon official retirement, an eligible employee is paid the greater of one month's salary or one-half of his or her accumulated sick leave time, whichever is greater. Accordingly, the District has included a liability for accrued sick leave time in the amount of \$391,914 and \$405,459 at August 31, 2011 and 2010, respectively, based on employees currently eligible for retirement. Ten percent of the total liability for accrued sick leave is considered a current liability based on historical experience. The District accrued vacation liability in the amount of \$171,469 and \$178,828 at August 31, 2011 and 2010, respectively, all of which has been classified as a current liability.

18. POST RETIREMENT HEALTH CARE AND LIFE INSURANCE BENEFITS

In addition to providing pension benefits, the state provides certain health care and life insurance benefits for retired employees. Almost all of the employees may become eligible for those benefits if they reach normal retirement age while working for the state. Those and similar benefits for active employees are provided through an insurance company whose premiums are based on benefits paid during the previous year. The state recognizes the cost of providing these benefits by expending the annual insurance premiums. The state's contribution per full-time employee varies based upon coverage category. Monthly contributions were \$413.26 and \$385.38 for "Employee Only" coverage, \$649.60 and \$605.70 for "Employee and Spouse" coverage, \$571.52 and \$532.90 for "Employee and Children" coverage, and \$807.86 and \$753.22 for "Employee and Family" coverage for the years ended August 31, 2011 and 2010, respectively. Contributions totaled \$2,180,537 and \$2,261,399 for the years ended August 31, 2011 and 2010, respectively. The cost of providing those benefits for retirees was \$927,302 and \$962,885 for the years ended August 31, 2011 and 2010, respectively and for active employees was \$1,253,235 and \$1,298,514 in 2011 and 2010, respectively.

The use of tax proceeds is restricted for the use of maintenance and/or general obligation debt service.

20. INCOME TAXES

The District is exempt from income taxes under Internal Revenue Code Section 115, *Income of States, Municipalities, Etc.*, although unrelated business income may be subject to income taxes under Internal Revenue Code Section 511 (a)(2)(B), *Imposition of Tax on Unrelated Business Income of Charitable, Etc. 21. RELATED PARTIES

The Kilgore College Foundation (Foundation) is a nonprofit organization with the sole purpose of supporting educational, scientific and charitable purposes in order to promote and support the District. The Kilgore College District does not appoint a voting majority nor does it fund or is obligated to pay debt related to this Foundation. However, the District does have the ability to significantly influence the policies of this Foundation. The Foundation is incorporated and chartered entirely separate from the College, with separate management and control, and a separate Board of Directors. The Foundation solicits donations and acts as coordinator of gifts made by other parties. The Foundation contributed gifts of \$90,257 and \$13,786 to the District during the years ended August 31, 2011 and 2010, respectively. During both fiscal years, the District furnished certain services, such as office space, utilities and staff assistance to the Foundation. These facilities and services are not required to be repaid.

22. STORM DAMAGE AND RELATED INSURANCE

In March 2008, seven of the District's buildings were damaged in a hail storm. The final insurance proceeds related to this damage were recorded as a receivable on Exhibit 1 and reflected as non-operating revenue on Exhibit 2 as of August 31, 2010. The amount was received in fiscal year 2011.

23. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS

Plan Description. The District contributes to the State Retiree Health Plan (SRHP), a cost-sharing, multiple-employer, defined benefit postemployment healthcare plan administered by the Employees Retirement System of Texas (ERS). SRHP provides medical benefits to retired employees of participating universities, community colleges and state agencies in accordance with Chapter 1551, Texas Insurance Code. Benefit and contribution provisions of the SRHP are authorized by State law and may be amended by the Texas Legislature.

ERS issues a publicly available financial report that includes financial statements and required supplementary information for SRHP. That report may be obtained from ERS via their website at <http://www.ers.state.tx.us/>.

Funding Policy. Section 1551.055 of Chapter 1551, Texas Insurance Code provides that contribution requirements of the plan members and the participating employers are established and may be amended by the ERS board of trustees. Plan members or beneficiaries receiving benefits pay any premium over and above the employer contribution.

The employer's share of the cost of retiree healthcare coverage for the current year is known as the implicit rate subsidy. It is the difference between the claims costs for the retirees and the amounts contributed by the retirees. The ERS board of trustees sets the employer contribution rate based on the implicit rate subsidy which is actuarially determined in accordance with the parameters of GASB statement 45.

The employer contribution rate represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and amortize any unfunded actuarial liabilities (or funding excess) of the plan over a period not to exceed thirty years.

The District's contributions to SRHP for the years ended August 31, 2011, 2010 and 2009 were \$935,431, \$962,885 and \$930,246, respectively.

24. COMMITMENTS AND CONTINGENT LIABILITIES

In the ordinary course of business, the District has various outstanding commitments and contingent liabilities that are not reflected in the accompanying financial statements. Several of the District's buildings contain asbestos, which will need to be removed at the time these buildings are renovated or destroyed. The District has no current plans regarding these buildings and the cost of abatement cannot be reasonably determined at this time. There were no commitments outstanding at August 31, 2011 that would be expected to have a significant impact on the financial statements.

Independent Auditors' Report

**REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE
AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

Members of the Board:

We have audited the basic financial statements of Kilgore Junior College District, as of and for the years ended August 31, 2011 and 2010, and have issued our report thereon dated November 28, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Kilgore Junior College District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Kilgore Junior College District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Kilgore Junior College District's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance And Other Matters

As part of obtaining reasonable assurance about whether Kilgore Junior College District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Public Funds Investment Act

We have performed tests designed to verify Kilgore Junior College District's compliance with the requirements of the Public Funds Investment Act. During the year ended August 31, 2011, no instances of noncompliance were found.

This report is intended for the information of the Board of Trustees, administrators, the Texas Higher Education Coordinating Board, the Texas Education Agency, the U. S. Department of Education, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.

Independent Auditors' Report

**REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE
TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

Members of the Board:

Compliance

We have audited the compliance of Kilgore Junior College District with the types of compliance requirements described in the *U. S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended August 31, 2011. The District's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of Kilgore Junior College District's administrators. Our responsibility is to express an opinion on the District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Kilgore Junior College District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the District's compliance with those requirements.

In our opinion, Kilgore Junior College District complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended August 31, 2011.

Internal Control Over Compliance

The administration of Kilgore Junior College District is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the District's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended for the information and use of the Board of Trustees, administrators, the Texas Higher Education Coordinating Board, the Texas Education Agency, the U. S. Department of Education and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.
