Diagnostic Cardiovascular Technology Adult Echocardiography – Didactic & Skills Lab

This Certificate is a fast-track adult echocardiography program designed for working sonographers credentialed from ARDMS. Participants will learn to perform echocardiograms, a widely used diagnostic test for heart disease.

Echocardiography technologists perform these ultrasounds in hospitals and outpatient facilities. Completing this certificate, the sonographer will be eligible for the Registered Diagnostic Cardiac Sonographer RDCS (ARDMS) exam with a completed Certification Verification form (CV) from a credential sonographer. Exam fees are included in tuition.

Note: this is the sonographer's responsibility to complete the CV.

Course Dates

January 11, 2027 - April 23

Registration Dates

Registration Deadline: December 4, 2026
